Introduction

Mazenod College is a part of the Mentally Healthy Schools program, designed to promote the Act-Belong-Commit ethos throughout our community. At Mazenod we believe that student and staff mental health and wellbeing are one of our biggest priorities, and that to work to the best of our ability, we need to keep mentally healthy. There are so many opportunities for our students to act, belong and commit and we highlight these events and activities throughout the year.

The activities listed in this booklet cater for the many and varied interests and abilities of our students.

Information about the activities, including meeting

and try out times, will be published in Daily Notices which are read out each morning in Form. The Daily Notices are also emailed to all students each morning and are displayed on both the big screens and the noticeboards in the Year 7/8 building. The Daily Notices are posted to the Parent Portal – SEQTA – each morning.

Most activities listed also have a contact person nominated with an email address that can be used to ask any questions regarding the activity.
