Period 6: 12:30-1:00

Study

1:00 - 3:15

Students complete work started in morning lessons, or may engage in online tutorials or further support with staff

STUDENT EXPECTATIONS

Students will be expected to attend these lessons and to conduct themselves appropriately online.

OUR POSITION

It is the position of Mazenod College that a school closure will mean that education will continue for our students in an online learning environment. The decision to initiate online learning will depend upon directives from government authorities and the state health department.

KEY RESOURCES

The day's lesson will synchronise to their machine. Students will then be able to do their work as directed by the teacher in their own OneNote, which can be seen by their teacher.

Microsoft Teams will allow for online chat, file sharing and video conferencing with the teacher. This will be the main tool for students to ask for help from his teacher and his peers.

Outlook is the email program that we use to communicate with the College.

Office 365 gives students and teachers access to Word and PowerPoint so that they can collaborate in real-time with each other.

Maths Pathways is for students in Year 7. Students will login to this program during their prescribed Maths learning time just as they would during lessons.
